The slide features several large, solid-colored circles in orange, teal, and dark blue, scattered across the background. The text is arranged in a central column.

WHAT DOES

inclusion

MEAN to you?

# How do we do inclusion ?

How do we  
include people  
with disabilities?

How do we teach  
to diversity?

How do we  
teach to identity?

What is a barrier?

What is a need?

What is a support?

What is a barrier?

What is a need?

What is a support?

The fewer the barriers in a place, the fewer individual supports a person needs.

The less barriers a person in a place, the more independence, safety, belonging and success a person feels

# Reducing Barriers

## Supporting Needs

“When a flower doesn’t  
bloom, you **fix the**  
**environment** in which it grows,  
not the flower.”

–Alexander den Heijer

FIRST! Reduce or eliminate barriers in place by reducing or eliminating barriers for everyone in the community

All plants  
need light

All plants  
need moisture

All plants  
need space

NEXT! Determine the needs of individuals and anticipate the supports & strategies that they will require in **universal** ways

PERIODIC TABLE OF  
PLANT NUTRIENTS

7 N Nitrogen	15 P Phosphorus	19 K Potassium	12 Mg Magnesium	16 S Sulfur	20 Ca Calcium
Primary Macronutrients			Secondary Macronutrients		
5 B Boron	17 Cl Chlorine				
25 Mn Manganese	26 Fe Iron	28 Ni Nickel	29 Cu Copper	30 Zn Zinc	42 Mo Molybdenum
Micronutrients					

Source: Greenandvibrant.com

Some plants need  
added nutrients

Some plants need  
companions

THEN! Determine the needs of individuals and anticipate the supports & strategies that they will require in **individualized** ways

A few plants may need very specific temperatures and humidity levels

# MULTIPLE LAYERS OF SUPPORT

PERIODIC TABLE OF PLANT NUTRIENTS

7 N Nitrogen	15 P Phosphorus	19 K Potassium	12 Mg Magnesium	16 S Sulfur	20 Ca Calcium
Primary Macronutrients			Secondary Macronutrients		
5 B Boron	17 Cl Chlorine				
25 Mn Manganese	26 Fe Iron	28 Ni Nickel	29 Cu Copper	30 Zn Zinc	42 Mo Molybdenum
Micronutrients

# Multiple Layers of Needs Based Support

Need:    Students in Mind:

# Needs based support planning:

- is designing for one student, but supports many
- focuses on changing the environment, not the student
- aligns with UDL, self regulation, and self determination practices

# How do we do inclusion ?

How do we  
include people  
with disabilities?

How do we teach  
to diversity?

How do we  
teach to identity?

What is one useful idea?

What is one thing you want to think about?

What is one thing you want to learn more about?

What is one thing you want to share with  
someone who is not here today?

The slide features several large, solid-colored circles in orange, teal, and dark blue, scattered across the background. The text is arranged in a central, staggered layout.

WHAT DOES

inclusion

MEAN to you?
